

DECLARATION AND POWER OF ATTORNEY

As a below named inventor, I HEREBY DECLARE:

THAT my residence, post office address, and citizenship are as stated below
next to my name;

THAT I believe I am the original, first, and sole inventor (if only one inventor
is named below) or an original, first, and joint inventor (if plural inventors are named below
or in an attached Declaration) of the subject matter which is claimed and for which a patent is
sought on the invention entitled

REACTOR CORE AND METHOD FOR OPERATING NUCLEAR REACTOR

the specification of which (check one)

_____ is attached hereto.

 x was filed on October 17, 2001 as United States
Application Number or PCT International Application Number
09/978,308 and was amended
on _____ (if applicable).

THAT I do not know and do not believe that the same invention was ever
known or used by others in the United States of America, or was patented or described in any
printed publication in any country, before I (we) invented it;

THAT I do not know and do not believe that the same invention was patented
or described in any printed publication in any country, or in public use or on sale in the
United States of America, for more than one year prior to the filing date of this United States
application;

THAT I do not know and do not believe that the same invention was first
patented or made the subject of an inventor's certificate that issued in any country foreign to
the United States of America before the filing date of this United States application if the
foreign application was filed by me (us), or by my (our) legal representatives or assigns, more
than twelve months (six months for design patents) prior to the filing date of this United
States application;

THAT I have reviewed and understand the contents of the above-identified
specification, including the claim(s), as amended by any amendment specifically referred to
above;

THAT I believe that the above-identified specification contains a written
description of the invention, and of the manner and process of making and using it, in such
full, clear, concise, and exact terms as to enable any person skilled in the art to which it
